Brand UP!

Your Brand at a Higher Level

Apsys Polska presents Brand UP! - a comprehensive sales and marketing solution for increasing brand visibility and customer engagement in shopping centers.

What benefits does Brand UP offer?

- **Increase sales:** reach new customers and increase revenue through strategically placed pop-up stores and sales booths at properties.
- **Building brand awareness:** using a variety of media and digital surfaces to effectively communicate with a wide audience.
- **Customer interaction:** face-to-face meetings with consumers and building lasting relationships through special events and roadshows held at the centers.

Apsys Poland, through Brand UP!, gives brands not only the opportunity to establish a presence in 15 shopping centers across Poland, but also commercial and marketing experimentation - innovative and non-standard forms of promotion, in a market that everyone knows well, but not everyone uses well.

We open up opportunities to promote and trade in a variety of venues, forms and times to suit the customer.

Contact us and see,
how your brand rises to the next level!
